1. DESCRIPTION OF BUSINESS

Organization

Cutaia Media Group, LLC (“CMG”) was organized on December 12, 2012, as a limited liability company under the laws of the State of Nevada. On May 19, 2014, bBooth, Inc. was incorporated under the laws of the State of Nevada. On May 19, 2014, CMG merged into bBooth, Inc. and, thereafter, bBooth, Inc. changed its name to bBooth (USA), Inc., effective as of October 16, 2014.

On October 16, 2014, bBoothUSA was acquired by Global System Designs, Inc. (“GSD”), pursuant to a Share Exchange Agreement entered into with GSD (the “Share Exchange Agreement”). GSD was incorporated in the state of Nevada on November 27, 2012. The acquisition was accounted for as a reverse merger transaction. In connection with the closing of the transactions contemplated by the Share Exchange Agreement, GSD’s management was replaced by bBoothUSA’s management, and GSD changed its name to bBooth, Inc. The operations of CMG and bBooth (USA), Inc. became known as, and are referred to herein as, “bBooth USA.”

Effective April 21, 2017, we changed our corporate name from bBooth, Inc. to nFüz, Inc. The name change was effected through a parent/subsidiary short-form merger of nFüz, Inc., our wholly-owned Nevada subsidiary, formed solely for the purpose of the name change, with and into us. We were the surviving entity. To effectuate the merger, we filed Articles of Merger and a Certificate of Correction (relative to the effective date of the name change merger) with the Secretary of State of the State of Nevada on April 4, 2017, and April 17, 2017, respectively. The merger became effective on April 21, 2017. Our board of directors approved the merger, which resulted in the name change on that date. In accordance with Section 92A.180 of the Nevada Revised Statutes, stockholder approval of the merger was not required.

Our Business

We are an applications services provider marketing cloud-based business software products on a subscription basis. Our flagship product, notifiCRM, is a Customer Relationship Management (“CRM”) application that is distinguishable from other CRM programs because it utilizes interactive video as the primary means of communication between sales and marketing professionals and their clients or prospects. notifiCRM allows our users to create, distribute, and post interactive videos that contain on-screen interactive icons, buttons, and other elements, that when clicked, allow their prospects and customers to respond to our users’ call to action in real-time, in the video, while the video is playing, without leaving or stopping the video. Our users report increased sales conversion rates compared to traditional, non-interactive video. We developed the proprietary interactive video technology, which serves as the basis for our cloud, Software-as-a-Service (SaaS) products and services that we market under the brand name “notifi” and they are accessible on all mobile and desktop devices. No download is required to access and use our applications. Our users also have access to detailed analytics in the application dashboard that reflect when the videos were viewed, by whom, how many times, for how long, and what interactive elements were clicked-on in the video, among other things, all of which assist our users in focusing their sales and marketing efforts by identifying which clients or prospects have interest in the subject matter of the video.

Our notifiCRM platform can accommodate any size campaign or sales organization, and it is enterprise-class scalable to meet the needs of today’s global organizations. We are working with our vendors to ensure that it is so scalable based upon our current agreements with them. We offer stand-alone versions of our notifiCRM product on a subscription basis to individual consumers, sales-based organizations, consumer brands, marketing and advertising agencies, as well as to artists and social influencers. We also offer notifiCRM through a network of partners and resellers that include Oracle/NetSuite and Marketo, who offer notifiCRM to their respective clients and customers as an upgrade to their existing Oracle/NetSuite or Marketo subscriptions. notifiCRM is fully integrated into each of their platforms and upon payment of the upgrade fee, is accessible through the respective dashboards of Oracle/NetSuite and Marketo. We are actively developing integrations of notifiCRM into other popular marketing, CRM, and Enterprise Resource Management (ERP) platforms.

Our notifiMED application is designed for physicians and other healthcare providers to create more efficient and effective interactive communications with patients. Patients are able to avoid unnecessary and inconvenient visits to their physicians’ or other healthcare providers’ offices by viewing and responding to interactive videos through in-video, on-screen clicks that are designed to assess the patients’ need for an office visit. If the patient’s responses to the interactive video indicate that an office visit is either necessary or desirable, the patient can schedule the office visit right in through video in real time. Patients can also download and print prescriptions, care instructions, and other physician distributed documents right from and through the video. notifiMED is offered on a subscription basis.

Our notifiedEDU application is designed for teachers and school administrators for more effective communications with students, parents, and faculty. notifiedEDU allows teachers to deliver interactive lessons to students which are both more engaging and more effective. notifiedEDU allows teachers to communicate with students through their mobile devices and computers to deliver lessons and tests/quizzes on the screen and in the video. The analytics capabilities of notifiedEDU available on the dashboard of the teacher or school administrator allows them to track which students watched the lesson, when, for how long, how many times, and track and report on test/quiz results. notifiedEDU is offered on a subscription basis.

Our notifiedTV and notifiedLIVE products are also part of our proprietary interactive video platform that allows viewers to interact with pre-recorded as well as live broadcast video content by clicking on links embedded in on-screen people, objects, graphics, or sponsors' signage. Viewers can experience our notifiedTV and notifiedLIVE interactive content and capabilities on most devices available in the market today without the need to download special software or proprietary video players.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation

The accompanying condensed consolidated financial statements are unaudited. These unaudited interim condensed consolidated financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America ("GAAP") and applicable rules and regulations of the Securities and Exchange Commission ("SEC") regarding interim financial reporting. Certain information and note disclosures normally included in the financial statements prepared in accordance with GAAP have been condensed or omitted pursuant to such rules and regulations. Accordingly, these interim condensed consolidated financial statements should be read in conjunction with the consolidated financial statements and notes thereto contained in the Company's Annual Report on Form 10-K for the fiscal year ended December 31, 2017 filed with the SEC. The condensed consolidated balance sheet as of December 31, 2017 included herein was derived from the audited consolidated financial statements as of that date.

In the opinion of management, the accompanying unaudited condensed consolidated financial statements contain all adjustments necessary to fairly present the Company's financial position and results of operations for the interim periods reflected. Except as noted, all adjustments contained herein are of a normal recurring nature. Results of operations for the fiscal periods presented herein are not necessarily indicative of fiscal year-end results.

Principles of Consolidation

The consolidated financial statements include the accounts of nFüz, Inc., (formerly bBooth, Inc.) and Songstagram, Inc., our wholly owned subsidiary. All intercompany transactions and balances have been eliminated in consolidation.

Going Concern

We have incurred operating losses since inception and have negative cash flows from operations. We had a stockholders' deficit of \$2,283,422 as of September 30, 2018 and incurred a net loss of \$8,192,523 and utilized \$2,801,405 of cash during the nine-month period then ended September 30, 2018. These factors raise substantial doubt about the Company's ability to continue as a going concern. The ability of the Company to continue as a going concern is dependent upon the Company's ability to raise additional funds and implement its business plan. The financial statements do not include any adjustments that might be necessary if the Company is unable to continue as a going concern. In addition, the Company's independent registered public accounting firm, in its report on the Company's December 31, 2017 consolidated financial statements, has raised substantial doubt about the Company's ability to continue as a going concern.

Our continuation as a going concern is dependent on our ability to obtain additional financing until we can generate sufficient cash flows from operations to meet our obligations. We intend to continue to seek additional debt or equity financing to continue our operations. There is no assurance that we will ever be profitable or that debt or equity financing will be available to us. The consolidated financial statements do not include any adjustments to reflect the possible future effects on the recoverability and classification of assets or the amounts and classifications of liabilities that may result should we be unable to continue as a going concern.

Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the reported periods. Significant estimates include assumptions made in valuing derivative liabilities, valuation of debt and equity instruments, share-based compensation arrangements and realization of deferred tax assets. Amounts could materially change in the future.

Revenue Recognition

We generate substantially all of our revenue from subscription services, which are comprised of subscription fees from customer accounts. Subscription service arrangements are generally non-cancelable and do not provide for refunds to customers in the event of cancellations or any other right of return. We record revenue net of sales or excise taxes.

In May 2014, the FASB issued ASU 2014-09, Revenue from Contracts with Customers (Topic 606), and (ASC 606). The underlying principle of ASC 606 is to recognize revenue to depict the transfer of goods or services to customers at the amount expected to be collected. ASC 606 creates a five-step model that requires entities to exercise judgment when considering the terms of contract(s), which includes (1) identifying the contract(s) or agreement(s) with a customer, (2) identifying our performance obligations in the contract or agreement, (3) determining the transaction price, (4) allocating the transaction price to the separate performance obligations, and (5) recognizing revenue as each performance obligation is satisfied.

Under ASC 606, revenue is recognized when performance obligations under the terms of a contract are satisfied, which occurs for the Company upon shipment or delivery of products or services to our customers based on written sales terms, which is also when control is transferred. Revenue is measured as the amount of consideration we expect to receive in exchange for transferring the products or services to a customer.

The Company adopted the guidance of ASC 606 on January 1, 2018. The implementation of ASC 606 had no impact on the prior period financial statements and no cumulative effect adjustment was recognized.

Derivative Financial Instruments

The Company evaluates its financial instruments to determine if such instruments are derivatives or contain features that qualify as embedded derivatives. For derivative financial instruments that are accounted for as liabilities, the derivative instrument is initially recorded at its fair value and is then re-valued at each reporting date, with changes in the fair value reported in the consolidated statements of operations. The classification of derivative instruments, including whether such instruments should be recorded as liabilities or as equity, is evaluated at the end of each reporting period. Derivative instrument liabilities are classified in the balance sheet as current or non-current based on whether or not net-cash settlement of the derivative instrument could be required within 12 months of the balance sheet date.

The Company uses Level 2 inputs for its valuation methodology for the derivative liabilities as their fair values were determined by using a probability weighted average Black-Scholes-Merton pricing model based on various assumptions. The Company's derivative liabilities are adjusted to reflect fair value at each period end, with any increase or decrease in the fair value being recorded in results of operations as adjustments to fair value of derivatives.

Share Based Payments

The Company issues stock options, common stock, and equity interests as share-based compensation to employees and non-employees. The Company accounts for its share-based compensation to employees in accordance with FASB ASC 718 "Compensation – Stock Compensation." Stock-based compensation cost is measured at the grant date, based on the estimated fair value of the award, and is recognized as expense over the requisite service period.

The Company accounts for share-based compensation issued to non-employees and consultants in accordance with the provisions of FASB ASC 505-50 "Equity - Based Payments to Non-Employees." Measurement of share-based payment transactions with non-employees is based on the fair value of whichever is more reliably measurable: (a) the goods or services received; or (b) the equity instruments issued. The final fair value of the share-based payment transaction is determined at the performance completion date. For interim periods, the fair value is estimated, and the percentage of completion is applied to that estimate to determine the cumulative expense recorded.

The Company values stock compensation based on the market price on the measurement date. As described above, for employees this is the date of grant, and for non-employees, this is the date of performance completion. The Company values stock options and warrants using the Black-Scholes option pricing model.

Net Loss Per Share

Basic net loss per share is computed by using the weighted-average number of common shares outstanding during the period. Diluted net loss per share is computed giving effect to all dilutive potential common shares that were outstanding during the period. Dilutive potential common shares consist of incremental common shares issuable upon exercise of stock options. No dilutive potential common shares were included in the computation of diluted net loss per share because their impact was anti-dilutive. As of September 30, 2018, the Company had a total of 33,984,605 options and 19,152,038 warrants outstanding. These shares were excluded from the computation of net loss per share because they are anti-dilutive. As of September 30, 2017, the Company had total of 22,030,953 options and 24,461,413 warrants outstanding. These shares were excluded from the computation of net loss per share because they are anti-dilutive.

Deferred Offering Costs

Deferred offering costs consist principally of legal, accounting and underwriters' fees incurred related to the contemplated underwritten public offering of the Company's common stock. These deferred offering costs will be charged against the gross proceeds received or will be charged to expense if the offering is not completed.

Recent Accounting Pronouncements

In February 2016, the FASB issued Accounting Standards Update No. 2016-02 (ASU 2016-02), Leases (Topic 842). ASU 2016-02 requires a lessee to record a right-of-use asset and a corresponding lease liability, initially measured at the present value of the lease payments, on the balance sheet for all leases with terms longer than 12 months, as well as the disclosure of key information about leasing arrangements. ASU 2016-02 requires recognition in the statement of operations of a single lease cost, calculated so that the cost of the lease is allocated over the lease term, generally on a straight-line basis. ASU 2016-02 requires classification of all cash payments within operating activities in the statement of cash flows. Disclosures are required to provide the amount, timing and uncertainty of cash flows arising from leases. A modified retrospective transition approach is required for lessees for capital and operating leases existing at, or entered into after, the beginning of the earliest comparative period presented in the financial statements, with certain practical expedients available. ASU 2016-02 is effective for fiscal years beginning after December 15, 2018, including interim periods within those fiscal years. Early application is permitted. The Company has not yet evaluated the impact of the adoption of ASU 2016-02 on the Company's financial statement presentation or disclosures.

In July 2017, the FASB issued ASU No. 2017-11, "Earnings Per Share (Topic 260); Distinguishing Liabilities from Equity (Topic 480); Derivatives and Hedging (Topic 815): (Part I) Accounting for Certain Financial Instruments with Down Round Features; (Part II) Replacement of the Indefinite Deferral for Mandatorily Redeemable Financial Instruments of Certain Nonpublic Entities and Certain Mandatorily Redeemable Noncontrolling Interests with a Scope Exception" ("ASU 2017-11"). ASU 2017-11 allows companies to exclude a down round feature when determining whether a financial instrument (or embedded conversion feature) is considered indexed to the entity's own stock. As a result, financial instruments (or embedded conversion features) with down round features may no longer be required to be accounted for as derivative liabilities. A company will recognize the value of a down round feature only when it is triggered, and the strike price has been adjusted downward. For equity-classified freestanding financial instruments, an entity will treat the value of the effect of the down round as a dividend and a reduction of income available to common stockholders in computing basic earnings per share. For convertible instruments with embedded conversion features containing down round provisions, entities will recognize the value of the down round as a beneficial conversion discount to be amortized to earnings. ASU 2017-11 is effective for fiscal years beginning after December 15, 2018, and interim periods within those fiscal years. Early adoption is permitted. The guidance in ASU 2017-11 can be applied using a full or modified retrospective approach. The Company is currently evaluating the impact of the adoption of ASU 2017-11 on the Company's financial statement presentation or disclosures.

Other recent accounting pronouncements issued by the FASB, including its Emerging Issues Task Force, the American Institute of Certified Public Accountants, and the Securities and Exchange Commission did not or are not believed by management to have a material impact on the Company's present or future consolidated financial statements.

3. PROPERTY AND EQUIPMENT

Property and equipment consisted of the following as of September 30, 2018 and December 31, 2017.

4. NOTE PAYABLE

On March 21, 2015, the Company entered into an agreement with DelMorgan Group LLC ("DelMorgan"), pursuant to which DelMorgan acted as the Company's exclusive financial advisor. In connection with the agreement, the Company paid DelMorgan \$125,000, which was advanced by a third-party lender in exchange for an unsecured note payable issued by the Company bearing interest at the rate of 12% per annum payable monthly beginning on April 20, 2015.

Effective March 20, 2017, for no additional consideration the Company entered into an extension agreement with the third-party lender to extend the maturity date of the Note to March 21, 2018. All other terms of the Note remain unchanged. As of December 31, 2017, the balance due under the note was \$125,000.

On January 29, 2018, the Company settled the debt of \$125,000 in exchange for 1,250,000 shares of its Common Stock. There was no gain or loss recognized as the fair value of the common shares issued approximates the note payable settled.

5. NOTES PAYABLE – RELATED PARTIES

The Company has the following related parties notes payable as of September 30, 2018 and December 31, 2017:

Note	Issuance Date	Maturity Date	Interest Rate	Original Borrowing	Balance at September 30, 2018 (Unaudited)	Balance at December 31, 2017

Non-current					(824,218)	-
Current					<u>\$ 352,229</u>	<u>\$ 1,964,985</u>

(A) On December 1, 2015, the Company issued a convertible note payable to Mr. Rory J. Cutaia, the Company's majority stockholder and Chief Executive Officer (CEO), to consolidate all loans and advances made by Mr. Cutaia to the Company as of that date. The note bears interest rate of 12% per annum, secured by the Company's assets and matured on August 1, 2018, as amended. Per the terms of the agreement, at Mr. Cutaia's discretion, he may convert up to \$374,665 of outstanding principal, plus accrued interest thereon, into shares of common stock at a conversion rate of \$0.07 per share. As of December 31, 2017, total outstanding balance of the note amounted to \$1,198,883.

On August 8, 2018, we entered into an extension agreement with Mr. Cutaia to extend the maturity date of the note to February 8, 2021. All other terms of the note remain unchanged. In connection with the extension, we granted to Mr. Cutaia a three-year warrant to purchase up to 2,446,700 shares of Common Stock at a price of \$0.49 per share with a fair value of \$1,074,602. We determined that the extension of the note's maturity date resulted in a debt extinguishment for accounting purposes because the fair value of the warrants granted was more than 10% of the original value of the note. As result, we recorded the fair value of the "new" note, which approximates the then-current carrying value of \$1,198,833 of the then-current note and expensed the entire fair value of the warrants granted of \$1,074,602 as part of debt extinguishment. On September 30, 2018, Mr. Cutaia converted the principal balance that was convertible (\$374,665) into 5,352,357 shares of Restricted Common Stock at \$0.07 per share.

As of September 30, 2018, outstanding balance of the note amounted to \$824,218.

(B) On December 1, 2015, the Company issued a convertible note with Mr. Cutaia in the amount of \$189,000 representing a portion of Mr. Cutaia's accrued salary for 2015. The note was unsecured, bears interest rate of 12% per annum, matured in August 1, 2018, as amended, and convertible to shares of common stock at a conversion price of \$0.07 per share. As of December 31, 2017, outstanding balance of the note amounted to \$189,000.

On September 30, 2018, Mr. Cutaia converted the entire unpaid balance of \$189,000 into 2,700,000 restricted shares of our Common Stock at \$0.07 per share.

(C) On December 1, 2015, the Company issued a note payable to a former member of the Company's Board of Directors, in the amount of \$111,901 representing unpaid consulting fees as of November 30, 2015. The note is unsecured, bears interest rate of 12% per annum and matured in April 2017.

As of September 30, 2018, and the date of this report, the note is past due. The Company is currently in negotiations with the note holder to settle the note payable.

(D) On April 4, 2016, the Company issued a convertible note to Mr. Cutaia, in the amount of \$343,326, to consolidate all advances made by Mr. Cutaia to the Company from December 2015 through March 2016. The note bears interest rate of 12% per annum, secured by the Company's assets and will mature on December 4, 2018, as amended. A total of 30% of the note principal or \$102,998 can be converted to shares of common stock at a conversion price \$0.07 per share. As of December 31, 2017, outstanding balance of the note amounted to \$343,326

On September 30, 2018 Mr. Cutaia converted the 30% of the principal balance that was convertible (\$102,998) into 1,471,397 restricted shares of our Common Stock at \$0.07 per share.

As of September 30, 2018, outstanding balance of the note amounted to \$240,328.

(E) On April 4, 2016, the Company issued a convertible note payable to Mr. Cutaia in the amount of \$121,875, representing his unpaid salary from December 2015 through March 2016. The note was unsecured, bears interest at the rate of 12% per annum, matures on December 4, 2018, as amended, and convertible to common stock at a conversion price of \$0.07 per share. As of December 31, 2017, outstanding balance of the note amounted to \$121,8750.

For the period ended September 30, 2018 Mr. Cutaia converted \$121,875 of debt into 1,741,071 shares of Restricted Common Stock.

Total interest expense for notes payable to related parties was \$175,846 and \$176,364 for nine months ended September 30, 2018 and 2017, respectively.

6. CONVERTIBLE NOTES PAYABLE

The Company has the following convertible notes payable as of September 30, 2018 and December 31, 2017:

Note	Note Date	Maturity Date	Interest Rate	Original Borrowing	Balance at September 30, 2018 (Unaudited)	Balance at December 31, 2017
Note payable	April 3, 2016	April 4, 2018 February and March	12%	\$ 600,000	\$ -	\$ 680,268
Note payable	June and August 2017	2018	5%	\$ 220,500	-	220,500
Note payable	Various	Various	5%	\$ 320,000	-	320,000
Note payable	December 8, 2017	December 8, 2018	8%	\$ 370,000	-	370,000
Note payable	December 13, 2017	September 20, 2018	8%	\$ 105,000	-	105,000
Total notes payable					-	1,695,768
Debt discount					-	(675,453)
Total notes payable, net of debt discount					\$ -	\$ 1,020,315

During 2016 through 2017, the Company issued convertible notes payable to unrelated, third-party creditors/investors totaling \$1,695,768. The notes bore an average interest rate of 8% per annum, secured by the Company's assets, mature starting February 2018 through January 2019 and are convertible to shares of common stock based upon a discounted market price. As of December 31, 2017, outstanding balance of the notes payable and unamortized debt discount amounted to \$1,695,768 and \$675,453, respectively.

During the period ended September 30, 2018, the Company issued similar convertible notes payable totaling \$150,000 in exchange for cash of \$130,000. The notes were secured by the Company's assets, bore interest of 8% per annum, matures in January 2019 and convertible to common shares at a conversion price equal to 70% of the Company's 10-day VWAP. The Company determined that since the conversion floor had no limit to the conversion price, that the Company could no longer determine if it had enough authorized shares to fulfill the conversion obligation. As such, pursuant to current accounting guidelines, the Company determined that the conversion feature of the notes created a derivative with a fair value of \$252,778 at the date of issuance. The Company accounted for the fair value of the derivative up to the face amount of the note of \$150,000 as a valuation discount to be amortized over the life of the note, and the excess of \$102,778 being recorded as financing cost (see Note 7 for discussion of derivative liability). In addition, the Company also recorded the notes' original issue discount of \$20,000 as a financing cost.

As part of the convertible note offering during the period ended September 30, 2018, the Company also granted a five-year warrant to acquire 1,000,000 shares of the Company's common stock with an exercise price of \$0.14 per share. A total of 500,000 warrants that were granted included a full ratchet reset provision in case of a future offering at a price below \$0.14 per share and a fundamental transaction provision that could give rise to an obligation to pay cash to the warrant holder and a reset. As such, pursuant to current accounting guidelines, the Company determined that the warrant exercise price and fundamental transaction clause created a derivative with a fair value of \$48,961 at the date of issuance. The Company accounted for the fair value of the derivative as financing cost. See Note 7 for discussion of derivative liability.

During the period ended September 30, 2018, the Company settled outstanding debt of \$845,000 through the payment of cash. In addition, Company issued 6,133,006 shares of common stock with fair value of \$2,151,297 in settlement of outstanding convertible notes of \$900,760 and accrued interest of \$161,475 (\$1,062,235 in the aggregate) The Company recorded a loss of \$1,067,242 to account the difference in the fair value of the shares issued in excess of the aggregate amount of debt converted.

Furthermore, upon settlement of the debt, the Company amortized the remaining debt discount of \$747,623 to interest expense. As of September 30, 2018, all convertible notes payable and unpaid interest had been paid or settled.

Total interest expense for convertible notes payable for the nine months ended September 30, 2018 and 2017 was \$144,541 and \$40,481, respectively.

7. DERIVATIVE LIABILITY

Under authoritative guidance used by the FASB on determining whether an instrument (or embedded feature) is indexed to an entity's own stock, instruments that do not have fixed settlement provisions are deemed to be derivative instruments. The Company has issued certain convertible notes whose conversion prices contains reset provisions based on a future offering price and/or whose conversion prices are based on future market prices. However, since the number of shares to be issued is not explicitly limited, the Company is unable to conclude that enough authorized and unissued shares are available to share settle the conversion option. In addition, the Company also granted certain warrants that included a fundamental transaction provision that could give rise to an obligation to pay cash to the warrant holder.

As a result, the conversion option and warrants are classified as liabilities and are bifurcated from the debt host and accounted for as a derivative liability in accordance with ASC 815 and will be re-measured at the end of every reporting period with the change in value reported in the statement of operations.

The derivative liabilities were valued using a probability weighted average Black-Scholes-Merton pricing model with the following average assumptions:

	September 30, 2018		Upon Issuance		December 31, 2017	
Stock Price	\$	0.40	\$	0.10	\$	0.10
Exercise Price	\$	0.13	\$	0.08	\$	0.06
Expected Life		4.23		2.33		1.26
Volatility		221%		193%		189%
Dividend Yield		0%		0%		0%
Risk-Free Interest Rate		1.89%		1.18%		1.72%
Fair Value	\$	673,376	\$	301,739	\$	1,250,581

The expected life of the conversion feature of the notes and warrants was based on the remaining contractual term of the notes and warrants. The Company uses the historical volatility of its common stock to estimate the future volatility for its common stock. The expected dividend yield was based on the fact that the Company has not paid dividends in the past and does not expect to pay dividends in the future. The risk-free interest rate was based on rates established by the Federal Reserve Bank. As of December 31, 2017, the Company had recorded a derivative liability of \$1,250,581.

During the period ended September 30, 2018, the Company recorded an additional derivative liability totaling \$301,739 as a result of the issuance of convertible notes and warrants. The Company also extinguished derivative liability of \$1,718,816 upon the conversion and payment of outstanding convertible notes payable, which was recorded as part of gain on extinguishment of debt. In addition, the Company also recorded a change in fair value of \$839,872 to account the change in fair value of these derivative liabilities up to the dates of the extinguishment and at September 30, 2018. At September 30, 2018, the fair value of the derivative liability amounted to \$673,376.

8. EQUITY TRANSACTIONS

Shares Issued for Accrued Salary – On March 28, 2018, the Company converted \$582,333 of the CEO's accrued salary into 407,226 shares of common stock with a fair value of \$582,333 at the date of conversion.

Shares Issued Upon Exercise of Put Option – In January and February 2018, the Company issued Put Notices to Kodiak and issued 3,048,105 shares of common stock in exchange for cash of \$1,000,000. In addition, the Company also issued Kodiak the prorated warrants to purchase 2,000,000 shares of common stock at \$0.25 per share.

Shares Repurchased. For the period ended September 30, 2018, the Company repurchased 700,000 shares of common stock from investors for \$20,000.

Stock Options

Effective October 16, 2014, the Company adopted the 2014 Stock Option Plan (the "Plan") under the administration of the board of directors to retain the services of valued key employees and consultants of the Company.

At its discretion, the Company grants share option awards to certain employees and non-employees, as defined by ASC 718, Compensation—Stock Compensation, under the 204 Stock Option Plan (the "Plan") and accounts for its share-based compensation in accordance with ASC 718.

A summary of option activity for the nine months ended September 30, 2018 is presented below.

	Shares	Weighted Average Exercise Price	Weighted Average Remaining Contractual Life (in Years)	Aggregate Intrinsic Value
Outstanding at December 31, 2017	21,840,953	\$ 0.33	4.03	
Granted	16,831,272	0.46		
Exercised	(487,620)	0.07		
Forfeited or expired	(4,200,000)	0.34		
Outstanding at September 30, 2018	<u>33,984,605</u>	<u>\$ 0.26</u>	<u>3.06</u>	<u>\$ 3,992,194</u>
Exercisable at September 30, 2018	<u>11,304,808</u>	<u>\$ 0.35</u>		<u>\$ 2,994,627</u>

During the nine months ended September 30, 2018, the Company granted stock options to employees and consultants to purchase a total 16,831,272 shares of common stock for services rendered. The options have an average exercise price of \$0.46 per share, expire in five years and vest on grant date or over a period of three years from grant date. Total fair value of these options at grant date was approximately \$8,019,558 using the Black-Scholes Option Pricing model.

During the period ended September 30, 2018, 487,620 options were exercised resulting in the issuance of 487,620 shares of common stock. The Company received cash of \$34,133 upon exercise of the options.

The total stock compensation expense recognized relating to vesting of stock options for the nine months ended September 30, 2018 amounted to \$1,413,304. As of September 30, 2018, total unrecognized stock-based compensation expense was \$5,944,834, which is expected to be recognized as part of operating expense through September 2021.

The fair value of share option award is estimated using the Black-Scholes method based on the following weighted-average assumptions:

	Nine Months Ended September 30,	
	2018	2017
Risk-free interest rate	2.73% - 2.99%	1.77% - 1.93%
Average expected term (years)	5 years	5 years
Expected volatility	184% -190%	157 %-171%
Expected dividend yield	-	-

The risk-free interest rate is based on the U.S. Treasury yield curve in effect at the time of measurement corresponding with the expected term of the share option award; the expected term represents the weighted-average period of time that share option awards granted are expected to be outstanding giving consideration to vesting schedules and historical participant exercise behavior; the expected volatility is based upon historical volatility of the Company's common stock; and the expected dividend yield is based on the fact that the Company has not paid dividends in the past and does not expect to pay dividends in the future.

Warrants

The Company has the following warrants outstanding as of September 30, 2018 all of which are exercisable:

	<u>Warrants</u>	<u>Weighted-Average Exercise Price</u>	<u>Weighted-Average Remaining Contractual Life (Years)</u>	<u>Aggregate Intrinsic Value</u>
Outstanding at December 31, 2017	28,436,413	\$ 0.13	2.79	\$ -
Granted	5,446,700	0.34	-	-
Forfeited	(48,000)	0.10	-	-
Exercised	(14,683,075)	0.09	-	-
Outstanding at September 30, 2018	<u>19,152,038</u>	<u>\$ 0.22</u>	<u>3.03</u>	<u>\$ 3,827,516</u>
Exercisable at September 30, 2018	19,152,038			\$ 3,827,516

During the period ended September 30, 2018, 14,683,075 warrants were exercised resulting in the issuance of 11,917,705 shares of common stock. The Company received cash of \$22,000 upon exercise of the warrants.

During the nine months ended September 30, 2018, the Company granted warrants to note holders to purchase a total of 1,000,000 shares of common stock. The warrants are exercisable at an average price of \$0.14 per share and will expire in January 2023. A total of 500,000 warrants that had been granted were accounted as derivative liability (see Note 6).

On February 21, 2018, the Company granted 2,000,000 warrants as part of the exercise of our put option with Kodiak. The exercise price of the 2,000,000 warrants is \$0.25 per share and they expire on February 20, 2023.

On August 8, 2018 the Company granted 2,446,700 warrants to extend the maturity date of the \$1,248,833 Secured note (see note 5). The fair market value of the warrants totaling \$1,074,602 was accounted as part of debt extinguishment.

During the nine months ended September 30, 2018, a total of 14,683,075 warrants were exercised in cash and cashless exercises for 11,917,705 shares of common stock at a weighted average exercise price of \$0.09. As part of these exercises, the Company also received \$22,000 upon the exercise of these warrants.

9. COMMITMENTS AND CONTINGENCIES

Litigation

On April 24, 2018, EMA Financial, LLC, a New York limited liability company (“EMA”), commenced an action against us, styled *EMA Financial, LLC, a New York limited liability company, Plaintiff, against nFUSZ, Inc., Defendant*, United States District Court, Southern District of New York, case number 1:18-cv-03634-NRB. The Complaint sets forth four causes of action and seeks relief consisting of: (1) money damages, (2) injunctive relief, (3) liquidated damages; and declaratory relief. All of the claims stem from our refusal to honor EMA’s exercise notice in connection with a common stock purchase warrant that we had granted to it. We believe EMA’s allegations are entirely without merit.

The circumstances giving rise to the dispute are as follows: On or about December 5, 2017, we issued a warrant to EMA as part of the consideration we were required to provide in connection with a contemporaneous convertible loan EMA made to us. The loan, which was evidenced by a convertible Note, was for a term of one year. Our refusal to honor the warrant exercise notice was due to our good faith belief that EMA’s interpretation of the cashless exercise provision of the warrant was, *inter alia*, (i) contrary to our direct conversations and agreements made with EMA prior to, and during the preparation of the loan and warrant agreements; (2) wholly inconsistent with industry norms, standards, and practices; (3) was contrary to the cashless exercise method actually adopted by EMA’s co-lender in the same transaction; and (4) was the result of a single letter mistakenly transposed in the cashless exercise formula drafted by EMA which if adopted, would result in a gross and unintended windfall in favor of EMA and adverse to us. Moreover, as set forth in our response to EMA’s allegations, EMA’s interpretation of the cashless exercise provision would have resulted in it being issued more shares of our common stock than it would have received if it exercised the warrant for cash (instead of less), and more than the amount of shares reflected on the face of the warrant agreement itself. The loan underlying the transaction was repaid, in full, approximately three months after it was issued, on March 8, 2018, together with all accrued interest, prior to any conversion or attempted conversion of the Note.

On July 20, 2018, we filed an Answer to the Complaint, along with certain Affirmative Defenses, as well as Counterclaims seeking *inter alia*, to void the entire transaction for violation of New York’s criminal usury laws and, alternatively, for reformation of the warrant conversion formula set forth in the Warrant Agreement so as to be consistent with the parties’ intent and custom and practice in the industry. We intend to vigorously defend the action, as well as vigorously prosecute our counterclaims against EMA. The action is still pending.

We know of no other material pending legal proceedings to which we or any of our subsidiaries is a party or to which any of our assets or properties, or the assets or properties of any of our subsidiaries, are subject and, to the best of our knowledge, no adverse legal activity is anticipated or threatened. In addition, we do not know of any such proceedings contemplated by any governmental authorities.

Board of Directors

The Company has committed an aggregate of \$270,000 in annual compensation to its three independent board members commencing on the date the Company is listed on the NASDAQ. The members will serve on the board until the annual meeting for the year in which their term expires or until their successors have been elected and qualified.

10. SUBSEQUENT EVENTS

Subsequent to September 30, 2018, a total of 4,600,000 warrants were exercised in cashless exercises for 4,206,111 shares of common stock at a weighted average exercise price of \$0.21.

Subsequent to September 30, 2018, the Company granted stock options to employees and consultants to purchase a total 2,125,000 shares of common stock for services rendered. The options have an average exercise price of \$0.50 per share, expire in five years and vest on grant date or over a period of three years from grant date. Total fair value of these options at grant date was \$1,021,764 using the Black-Scholes Option Pricing model.

On October 19, 2018, we issued an unsecured convertible note (the "Note") to an otherwise unaffiliated third-party entity in the aggregate principal amount of \$1,500,000 in exchange for net proceeds of \$1,241,500, after an Original Issue Discount of \$150,000 and legal and financing expenses of \$108,500. In addition, we issued 1,450,000 shares of our Common Stock. The Note is convertible into shares of our Common Stock only on or after the occurrence of an uncured "Event of Default." Primarily, we will be in default if we do not repay the principal amount of the Note, as required. The other Events of Default are standard for the type of transaction represented by the related Securities Purchase Agreement and the Note. The conversion price in effect on any date on which some or all of the principal of the Note is to be converted shall be a price equal to 70% of the lowest VWAP during the ten trading days immediately preceding the date on which the third party provided its notice of conversion. Upon an Event of Default, we will owe the third party an amount equivalent to 110% of the then-outstanding principal amount of the Note in addition to of all other amounts, costs, expenses, and liquidated damages that might also be due in respect thereof. We have agreed that, on or after the occurrence of an Event of Default, we will reserve and keep available that number of shares of our Common Stock that is at least equal to 200% of the number of such shares that potentially would be issuable pursuant to the terms of the SPA and the Note (assuming conversion in full of the Note and on any date of determination). As of the issue date, the Note was convertible into an aggregate of 5,603,706 shares of Common Stock. The Company determined that, because the conversion price is unknown, the Company could not determine if it had enough authorized shares to fulfill the conversion obligation. As such, pursuant to current accounting guidelines, the Company determined that the conversion feature of the Note created a derivative with a fair value of \$1,674,106 at the date of issuance. The Company accounted for the fair value of the derivative up to the face amount of the note of \$1,500,000 as a valuation discount to be amortized over the life of the Note, and the excess of \$174,106 being recorded as financing cost. In addition, the Company also recorded the Note's original issue discount of \$285,500 as a financing cost.

On October 30, 2018, we issued two unsecured convertible notes to one current investor and one otherwise unaffiliated third-party in the aggregate principal amount of \$400,000 in exchange for net proceeds of \$400,000. The notes bear interest at a rate of 5% per annum and will mature on April 29, 2019. These notes, upon the Company's consummation of the contemplated underwritten public offering of the Company's common stock, all, and not less than all, of (i) the principal and (ii) the accrued interest hereunder shall be converted into shares of the Company's common stock that shall have been registered therein. The per-share conversion price shall be seventy-five percent (75%) of the offering price of the Common Stock, as reflected on the cover of the definitive prospectus that the Company shall file with the Securities and Exchange Commission upon its acceleration of effectiveness of the contemplated underwritten public offering of the Company's common stock. As of the issue date, the notes were convertible into an aggregate of 1,523,809 shares of Common Stock. The Company determined that, because the conversion price is unknown, that the Company could not determine if it had enough authorized shares to fulfill the conversion obligation. As such, pursuant to current accounting guidelines, the Company determined that the conversion feature of the notes created a derivative with a fair value of \$383,966 at the date of issuance. The Company accounted for the fair value of the derivative as a financing cost.

On November 8, 2018, we, and our two wholly-owned merger subsidiaries, entered into an Agreement and Plan of Merger (the “Merger Agreement”) with Sound Concepts, Inc., a Utah corporation, its shareholders, and a shareholders’ representative, pursuant to which we will acquire Sound Concepts through a two-step merger, consisting of merging one of our merger subsidiaries with and into Sound Concepts (with Sound Concepts surviving the “first step” of the merger) and, immediately thereafter, merging Sound Concepts with and into our other merger subsidiary (with that subsidiary surviving the “second step” of the merger). We will pay \$25,000,000 of value to the shareholders of Sound Concepts, payable through a combination of a \$15,000,000 cash payment by us and the issuance of shares of our common stock with a fair market value of \$10,000,000. The purchase price is not subject to any closing working capital adjustment or post-closing working capital adjustment.

Each of the parties to the Merger Agreement made customary representations, warranties, and indemnities subject to, in some cases, exceptions and qualifications as will be set forth in a disclosure schedule to the Merger Agreement. Each of the parties also agreed to certain covenants and other agreements, including, among others, (i) covenants requiring Sound Concepts and its shareholders to not solicit other acquisition bids or proposals and (ii) covenants regarding non-solicitation and non-competition.

Completion of the acquisition is subject to the satisfaction or waiver of certain conditions. In addition to customary closing conditions, our obligation to complete the acquisition is conditioned upon the consummation of an underwritten public offering of our common stock and receipt by us of offering proceeds that will be used to pay for all or a portion of the cash portion of the merger consideration. Nothing herein shall constitute an offer to sell or the solicitation of an offer to buy any of the securities in our anticipated offering of shares of our Common Stock.

Currently, we anticipate the closing of the Sound Concepts acquisition to occur in the first quarter of fiscal 2019; however, there can be no assurance that it will close in the first quarter of fiscal 2019, or at all.

The Merger Agreement may be terminated under certain circumstances, including, but not limited to: (i) the mutual written consent of Sound Concepts and us; (ii) by us if there has been a breach, inaccuracy in, or failure to perform any representation, warranty, covenant, or agreement made by Sound Concepts or its shareholders pursuant to the Merger Agreement that would give rise to the failure of any of the closing conditions and such breach, inaccuracy, or failure has not been cured within 10 days of Sound Concepts’ receipt of written notification of such breach from us; provided, that, we (or our merger subsidiaries) are not then in material breach of any provision of the Merger Agreement; (iii) by us if our closing conditions have not been, or if it becomes apparent that any of such conditions will not be, fulfilled by February 14, 2019, unless such failure is due to our failure to perform or comply with any of the covenants, agreements, or conditions required to be performed or complied with by it prior to the closing of the acquisition; (iv) by Sound Concepts if there has been a breach, inaccuracy in, or failure to perform any representation, warranty, covenant, or agreement made by us (or our merger subsidiaries) pursuant to the Merger Agreement that would give rise to the failure of any of the closing conditions and such breach, inaccuracy, or failure has not been cured within 10 days of our receipt of written notice of such breach from Sound Concepts; provided, that neither Sound Concepts or its shareholders is then in material breach of any provision of the Merger Agreement; (v) by Sound Concepts if any of Sound Concepts’ or its shareholders’ closing conditions have not been, or if it becomes apparent that any of such conditions will not be, fulfilled by January 31, 2019, unless such failure is due to Sound Concepts’, or its shareholders’, failure to perform or comply with any of the covenants, agreements, or conditions to be performed or complied with by it or them prior to the Closing of the acquisition; and (vi) by Sound Concepts or us if (1) there is any law that makes consummation of the transactions contemplated by the Merger Agreement illegal or otherwise prohibited or (2) any governmental authority issued a governmental order restraining or enjoining the transactions contemplated by the Merger Agreement, and such governmental order has become final and non-appealable.

ITEM 1A – RISK FACTORS

Not applicable to smaller reporting companies.

ITEM 2 – MANAGEMENT’S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

Forward-Looking Statements

The following discussion and analysis of the results of operations and financial condition of nFüsz for the three- and nine-month periods ended September 30, 2018 and 2017, should be read in conjunction with the financial statements and related notes and the other financial information that are included elsewhere in this Quarterly Report. This discussion includes forward-looking statements based upon current expectations that involve risks and uncertainties, such as our plans, objectives, expectations, and intentions. Forward-looking statements are statements not based on historical fact and which relate to future operations, strategies, financial results, or other developments. Forward-looking statements are based upon estimates, forecasts, and assumptions that are inherently subject to significant business, economic, and competitive uncertainties and contingencies, many of which are beyond our control and many of which, with respect to business decisions, are subject to change. These uncertainties and contingencies can affect actual results to differ materially from those expressed in any forward-looking statements made by us, or on our behalf. We disclaim any obligation to update forward-looking statements. Actual results and the timing of events could differ materially from those anticipated in these forward-looking statements as a result of a number of factors. We use words such as “anticipate,” “estimate,” “plan,” “project,” “continuing,” “ongoing,” “expect,” “believe,” “intend,” “may,” “will,” “should,” “could,” and similar expressions to identify forward-looking statements.

As used in this Quarterly Report on Form 10-Q, the terms “we,” “us,” “our,” and “nFüsz” refer to nFüsz, Inc., a Nevada corporation unless otherwise specified.

Overview

Cutaia Media Group, LLC (“CMG”) was organized on December 12, 2012, as a limited liability company under the laws of the State of Nevada. On May 19, 2014, bBooth, Inc. was incorporated under the laws of the State of Nevada. On May 19, 2014, CMG merged into bBooth, Inc. and, thereafter, bBooth, Inc. changed its name to bBooth (USA), Inc., effective as of October 16, 2014.

On October 16, 2014, bBoothUSA was acquired by Global System Designs, Inc. (“GSD”), pursuant to a Share Exchange Agreement entered into with GSD (the “Share Exchange Agreement”). GSD was incorporated in the state of Nevada on November 27, 2012. The acquisition was accounted for as a reverse merger transaction. In connection with the closing of the transactions contemplated by the Share Exchange Agreement, GSD’s management was replaced by bBoothUSA’s management, and GSD changed its name to bBooth, Inc. The operations of CMG and bBooth (USA), Inc. became known as, and are referred to herein as, “bBooth USA.”

Effective April 21, 2017, we changed our corporate name from bBooth, Inc. to nFüsz, Inc. The name change was effected through a parent/subsidiary short-form merger of nFüsz, Inc., our wholly-owned Nevada subsidiary, formed solely for the purpose of the name change, with and into us. We were the surviving entity. To effectuate the merger, we filed Articles of Merger and a Certificate of Correction (relative to the effective date of the name change merger) with the Secretary of State of the State of Nevada on April 4, 2017, and April 17, 2017, respectively. The merger became effective on April 21, 2017. Our board of directors approved the merger, which resulted in the name change on that date. In accordance with Section 92A.180 of the Nevada Revised Statutes, stockholder approval of the merger was not required.

Results of Operations

Three Months Ended September 30, 2018 as Compared to the Three Months Ended September 30, 2017

Revenues

Subscription revenues for the three months ended September 30, 2018 were \$10,085, compared to \$0 for the three months ended September 30, 2017. The increase in subscription revenues were primarily attributable to the Company’s SaaS platform that was launched during the fourth quarter of fiscal 2017. There was no similar transaction in the third quarter of 2017.

Operating Expenses

Research and development expenses were \$202,054 for the three months ended September 30, 2018, as compared to \$109,350 for the three months ended September 30, 2017. The increase was primarily due to an increase in fees for coders dedicated to software development enhancements and modifications.

General and administrative expenses for the three months ended September 30, 2018 and 2017 were \$472,538 and \$1,082,131, respectively. The decrease was primarily due to a decrease in stock-based compensation expense of \$1,113,167 offset by an increase in professional services, marketing and labor related costs associated with growth of the Company. The significant decrease in stock-based compensation is attributed the termination of certain consulting relationships during the third quarter of 2018.

Other expense, net, for the three months ended September 30, 2018 amounted to \$805,485 which included a loss on debt extinguishment of \$1,074,602, interest expense of \$58,916, and other expense of \$12,817, all offset by a change in fair value of derivative liability of \$(340,851). The amount of other expense, net, was higher in the third quarter of 2018 due an increase in debt extinguishment of \$650,271, all offset by a change in fair value of derivative liability of \$(340,851), lower interest expense \$(146,122), and no amortization of debt discount in the third quarter of 2018.

Nine Months Ended September 30, 2018 compared to the Nine Months Ended September 30, 2017.

Revenues

Subscription revenues for the nine months ended September 30, 2018 were \$26,327, compared to \$0 for the nine months ended September 30, 2017. The increase in subscription revenues were primarily attributable to the Company's SaaS platform that was launched during the fourth quarter of fiscal 2017. There was no similar transaction in the first nine months of 2017.

Operating Expenses

Research and development expenses were \$437,787 for the nine months ended September 30, 2018, as compared to \$291,190 for the nine months ended September 30, 2017. The increase was primarily due to an increase in fees for coders dedicated to software development enhancements and modifications.

General and administrative expenses for the nine months ended September 30, 2018 and 2017 were \$5,251,967 and \$3,052,161, respectively. The increase was primarily due to an increase in stock-based compensation expense of \$1,137,489 and an increase in labor related costs, marketing, professional services, and travel associated with growth of the Company. The increase in stock-based compensation was due to increase in the price of the Company's common stock offset by the termination of certain consulting relationships. The price of the Company's common stock increased from \$0.10 per share at December 31, 2017 to \$0.40 per share at September 30, 2018, or an average price of \$0.72 per share during the period ended September 30, 2018. In the prior period, the average price of the Company's common stock was \$0.82 per share.

Other expense, net, for the nine months ended September 30, 2018 amounted to \$2,529,096, which represented a change in fair value of derivative liability of \$839,872, interest expense for amortization of debt discount of \$747,623, debt extinguishment of \$423,028, interest expense of \$321,637 on outstanding notes payable, \$171,739 of financing costs attributed to derivative liabilities, and other expense of \$25,197. The amount of other expense, net, was higher in 2018 due to the payoff off and conversion of debt plus a change in derivative liability that did not occur during 2017.

Modified EBITDA

In addition to our GAAP results, we present Modified EBITDA as a supplemental measure of our performance. However, Modified EBITDA is not a recognized measurement under GAAP and should not be considered as an alternative to net income, income from operations, or any other performance measure derived in accordance with GAAP or as an alternative to cash flow from operating activities as a measure of liquidity. We define Modified EBITDA as net income (loss), plus interest expense, depreciation and amortization, stock-based compensation, financing costs and changes in fair value of derivative liability.

Management considers our core operating performance to be that which our managers can affect in any particular period through their management of the resources that affect our underlying revenue and profit generating operations that period. Non-GAAP adjustments to our results prepared in accordance with GAAP are itemized below. Readers are encouraged to evaluate these adjustments and the reasons we consider them appropriate for supplemental analysis. In evaluating Modified EBITDA, readers should be aware that in the future we may incur expenses that are the same as or similar to some of the adjustments in this presentation. Our presentation of Modified EBITDA should not be construed as an inference that our future results will be unaffected by unusual or non-recurring items.

Modified EBITDA	\$ (1,167,856)	\$ (546,832)	\$ (2,712,068)	\$ (1,481,295)

The \$621,024 decrease in modified EBITDA for the three months ended September 30, 2018 compared to the same period in 2017, resulted from the increase in labor-related costs, marketing, professional services, and travel associated with growth of the Company.

The \$1,230,773 decrease in modified EBITDA for the nine months ended September 30, 2018 compared to the same period in 2017, resulted from the increase in labor-related costs, marketing, professional services, and travel associated with growth of the Company.

We present Modified EBITDA because we believe it assists investors and analysts in comparing our performance across reporting periods on a consistent basis by excluding items that we do not believe are indicative of our core operating performance. In addition, we use Modified EBITDA in developing our internal budgets, forecasts and strategic plan; in analyzing the effectiveness of our business strategies in evaluating potential acquisitions; and in making compensation decisions and in communications with our board of directors concerning our financial performance. Modified EBITDA has limitations as an analytical tool, which includes, among others, the following:

- Modified EBITDA does not reflect our cash expenditures, or future requirements, for capital expenditures or contractual commitments;
- Modified EBITDA does not reflect changes in, or cash requirements for, our working capital needs;
- Modified EBITDA does not reflect future interest expense, or the cash requirements necessary to service interest or principal payments, on our debts; and
- Although depreciation and amortization are non-cash charges, the assets being depreciated and amortized will often have to be replaced in the future, and the Modified EBITDA does not reflect any cash requirements for such replacements.

Liquidity and Capital Resources

Going Concern

We have incurred operating losses since inception and have negative cash flows from operations. As of September 30, 2018, we had a stockholders' deficit of \$2,283,422 and incurred a net loss of \$8,192,523 during the nine-month period ended September 30, 2018. We also utilized \$2,801,405 in cash during the period ended September 30, 2018. As a result, our continuation as a going concern is dependent on our ability to obtain additional financing until we can generate sufficient cash flows from operations to meet our obligations. We intend to continue to seek additional debt or equity financing, including the contemplated underwritten public offering of our common stock to continue our operations.

Our condensed consolidated financial statements have been prepared on a going concern basis, which implies we may not continue to meet our obligations and continue our operations for the next fiscal year. The continuation of our Company as a going concern is dependent upon our ability to obtain necessary debt or equity financing to continue operations until our Company begins generating positive cash flow.

There is no assurance that we will ever be profitable or that debt or equity financing will be available to us in the amounts, on terms, and at times deemed acceptable to us, if at all. The issuance of additional equity securities by us would result in a significant dilution in the equity interests of our current stockholders. Obtaining commercial loans, assuming those loans would be available, would increase our liabilities and future cash commitments. If we are unable to obtain financing in the amounts and on terms deemed acceptable to us, we may be unable to continue our business, as planned, and as a result may be required to scale back or cease operations for our business, the result of which would be that our stockholders would lose some or all of their investment. The consolidated financial statements do not include any adjustments to reflect the possible future effects on the recoverability and classification of assets or the amounts and classifications of liabilities that may result should we be unable to continue as a going concern.

Overview

As of September 30, 2018, we had cash of \$379,461. We estimate our operating expenses for the next three months may continue to exceed any revenues we generate, and we may need to raise capital through either debt or equity offerings to continue operations. We are in the early stages of our business. We are required to fund growth from financing activities, and we intend to rely on a combination of equity and debt financings. Due to market conditions and the early stage of our operations, there is considerable risk that we will not be able to raise such financings at all, or on terms that are not dilutive to our existing stockholders. We can offer no assurance that we will be able to raise such funds. If we are unable to raise the funds we require for all of our planned operations, we may be forced to reallocate funds from other planned uses and may suffer a significant negative effect on our business plan and operations, including our ability to develop new products and continue our current operations. As a result, our business may suffer, and we may be forced to reduce or discontinue operations.

Subsequent to September 30, 2018, the Company issued \$1,900,000 in convertible notes netting \$1,614,480. As of November 14, 2018, we had cash of \$1,326,805. We expect to use the proceeds of the notes:

- As a bridge to fund our operations prior to the consummation of the contemplated underwritten public offering of our common stock in connection with our NASDAQ listing application (although we cannot provide you with any assurance that the contemplated public offering will close or that our Common Stock will be uplisted to The NASDAQ Stock Market);
- To provide additional funding as required for our pre-closing integration activities in connection with our pending acquisition of Sound Concepts, Inc.;
- To fund the ongoing costs associated with the integration of our software with the Salesforce.com, Inc., platform;
- To fund the ongoing costs associated with the integration of our software with Microsoft Outlook, Microsoft Dynamics, and the Microsoft Office 365 platform, among other ongoing initiatives with Microsoft Corporation;
- To fund the ongoing costs associated with the integration of our software with the Odoo platform;
- To fund our ongoing development costs associated with the adaptation of our notifiMED product for certain clinical trial initiatives;
- To fund our ongoing development costs associated with the development and adaptation of our notifiLIVE for Facebook Live and Instagram users; and
- To fund our general corporate working capital needs, including the costs of additional staff to facilitate the foregoing initiatives.

Cash Flows – Operating

For the nine months ended September 30, 2018, our cash flows used in operating activities amounted to \$2,801,405, compared to cash used during the nine months ended September 30, 2017 of \$1,174,534. The change is due to an increase in business activity, which resulted in an additional consulting expenses, salary, and various operating expenses in the first nine months of 2018 compared to the first nine months of 2017. In addition, the Company paid accrued interest as part of the convertible debt repayments in the first quarter of our 2018 fiscal year and reduction in outstanding accounts payable.

Cash Flows – Financing

Our cash provided by financing activities for the nine months ended September 30, 2018 amounted to \$3,170,306, which represented \$2,978,500 of proceeds received from the issuances of our common stock, \$1,000,000 of proceeds from the issuance of shares of our common stock from the exercise of a put option, \$130,000 of proceeds from the issuance of convertible debt, \$34,133 of proceeds from the exercise of options, and \$22,000 of proceeds from the exercise of warrants, offset by \$845,000 of convertible debt payments, \$129,327 of deferred offering costs, and the repurchase of common stock equal to \$20,000. Our cash provided by financing activities for the nine months ended September 30, 2017 amounted to \$1,186,678, which represented \$555,000 of proceeds received from the issuance of convertible Series A preferred stock, \$470,000 of proceeds received from the issuances of common stock, and \$300,000 of proceeds from the issuance of convertible notes payable, offset by \$138,322 redemption of Series A preferred stock. All shares of Series A preferred stock have been converted and we filed a Certificate of Elimination / Withdrawal with the state of Nevada to eliminate that series.

Warrant Liability

As of September 30, 2018, total liabilities are \$2,880,313, of which \$673,376 is attributable to certain outstanding warrants to purchase up to 1.7 million shares of common stock that are accounted for as derivative liability (see Note 7 Derivative Liability to the attached unaudited consolidated financial statements). Without the derivative liability, total liabilities would have been \$2,206,937, of which \$1,383,383 is related party debt and accruals.

As of September 30, 2018, the derivative liability of \$673,376 relates to outstanding warrants to purchase up to 1.7 million shares of common stock issued in December 2017 and January 2018. Due to certain adjustments that may be paid to the exercise price of the warrants if the Company issues or sells rights, options, or warrants to holders of its common stock (and not to the warrant holders) entitling them to subscribe for or purchase shares of its common stock at a price that is less than the closing price at the record date of such issuance, the warrants have been classified as a liability, as opposed to equity, in accordance with ASC 815-10 as it was determined that the warrants were not indexed to our common stock.

Notes Payable

The Company has the following outstanding notes payable to related parties at September 30, 2018 that are due in the current year:

Payable to:	Issuance Date	Maturity Date	Interest Rate	Original Borrowing	Balance at September 30, 2018

Total notes payable – related parties					\$ 1,176,447

(A) Per the terms of the agreement, at Mr. Cutaia's discretion (our Chief Executive Officer), he may convert up to \$374,665 of outstanding principal, plus accrued interest thereon, into shares of common stock at a conversion rate of \$0.07 per share. On August 8, 2018 the Company entered into an extension agreement with Mr. Cutaia to extend the maturity date of the note to and including February 8, 2021. In consideration for extending the Note the Company issued Mr. Cutaia 2,446,700 warrants. On September 30, 2018, Mr. Cutaia converted the principal balance that was convertible (\$374,665) into 5,352,357 restricted shares of our Common Stock at \$0.07 per share.

(B) The entire note can be converted to shares of common stock at a per-share conversion price of \$0.07. On September 30, 2018, Mr. Cutaia converted the entire unpaid balance of \$189,000 into 2,700,000 restricted shares of our Common Stock at \$0.07 per share.

(C) A total of 30% of the note principal can be converted to shares of common stock at a conversion price \$0.07 per share. On September 30, 2018 Mr. Cutaia converted the 30% of the principal balance that was convertible (\$102,998) into 1,471,397 restricted shares of our Common Stock at \$0.07 per share.

(D) The entire note can be converted to shares of common stock at a per-share conversion price of \$0.07. On September 30, 2018, Mr. Cutaia converted the entire balance of \$121,875 into 1,741,071 restricted shares of our Common Stock.

Off Balance Sheet Arrangements

We have no off-balance sheet arrangements.

Contractual Obligations

We are a smaller reporting company as defined by Rule 12b-2 of the Securities Exchange Act of 1934, as amended (the "Exchange Act"), and are not required to provide the information under this Item.

Critical Accounting Policies

Our financial statements have been prepared in accordance with accounting principles generally accepted in the United States, which require that we make certain assumptions and estimates that affect the reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of net revenue and expenses during each reporting period.

Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the reported periods. Significant estimates include valuation of derivative liability, valuation of debt and equity instruments, share-based compensation arrangements, and realization of deferred tax assets. Amounts could materially change in the future.

Derivative Financial Instruments

The Company evaluates its financial instruments to determine if such instruments are derivatives or contain features that qualify as embedded derivatives. For derivative financial instruments that are accounted for as liabilities, the derivative instrument is initially recorded at its fair value and is then re-valued at each reporting date, with changes in the fair value reported in the consolidated statements of operations. The classification of derivative instruments, including whether such instruments should be recorded as liabilities or as equity, is evaluated at the end of each reporting period. Derivative instrument liabilities are classified in the balance sheet as current or non-current based on whether or not net-cash settlement of the derivative instrument could be required within 12 months of the balance sheet date.

The Company uses Level 2 inputs for its valuation methodology for the derivative liabilities as their fair values were determined by using a probability weighted average Black-Scholes-Merton pricing model based on various assumptions. The Company's derivative liabilities are adjusted to reflect fair value at each period end, with any increase or decrease in the fair value being recorded in results of operations as adjustments to fair value of derivatives.

Share-Based Payment

The Company issues stock options, warrants exercisable for shares of common stock, common stock, and equity interests as share-based compensation to employees and non-employees.

The Company accounts for its share-based compensation to employees in accordance FASB ASC 718 "Compensation – Stock Compensation." Stock-based compensation cost is measured at the grant date, based on the estimated fair value of the award, and is recognized as expense over the requisite service period.

The Company accounts for share-based compensation issued to non-employees and consultants in accordance with the provisions of FASB ASC 505-50 "Equity - Based Payments to Non-Employees." Measurement of share-based payment transactions with non-employees is based on the fair value of whichever is more reliably measurable: (a) the goods or services received; or (b) the equity instruments issued. The final fair value of the share-based payment transaction is determined at the performance completion date. For interim periods, the fair value is estimated, and the percentage of completion is applied to that estimate to determine the cumulative expense recorded.

The Company values stock compensation based on the market price on the measurement date. As described above, for employees this is the date of grant, and for non-employees, this is the date of performance completion.

The Company values stock options using the Black-Scholes option pricing model. Assumptions used in the Black-Scholes model to value options issued during the nine months ended September 30, 2018 and 2017 are as follows:

	Nine Months Ended September 30,	
	2018	2017
Risk-free interest rate	2.73% - 2.99%	1.77% - 1.93%
Average expected term (years)	5 years	5 years
Expected volatility	184% -190%	157%-171%
Expected dividend yield	-	-

The risk-free interest rate is based on rates established by the Federal Reserve Bank. The expected term represents the weighted-average period of time that share option awards are expected to be outstanding giving consideration to vesting schedules and historical participant exercise before. The Company uses the historical volatility of its common stock to estimate the future volatility for its common stock. The expected dividend yield is based on the fact that the Company has not customarily paid dividends in the past and does not expect to pay dividends in the future.

Evaluation of Disclosure Controls and Procedures

We maintain disclosure controls and procedures as defined in Rules 13a-15(e) and 15d-15(e) under the Securities Exchange Act of 1934, as amended, (the “Exchange Act”), that are designed to ensure that information required to be disclosed in our reports under the Exchange Act, is recorded, processed, summarized and reported within the time periods specified in the SEC’s rules and forms, and that such information is accumulated and communicated to our management, including our principal executive officer and our principal financial officer, as appropriate, to allow timely decisions regarding required disclosure.

We carried out an evaluation under the supervision and with the participation of our management, including our principal executive officer and principal financial officer, of the effectiveness of our disclosure controls and procedures (as defined in Rule 13a-15(e) and 15d-15(e) under the Exchange Act) as of the end of the period covered by this Quarterly Report. Based on this evaluation, our principal executive officer and principal financial officer concluded that our disclosure controls and procedures were not effective as of September 30, 2018.

Changes in Internal Control Over Financial Reporting

There were no changes in our internal control over financial reporting (as defined in Rules 13a-15(f) and 15d-15(f) under the Exchange Act) during the quarter ended September 30, 2018 that have materially affected, or are reasonably likely to materially affect, our internal control over financial reporting.

PART II - OTHER INFORMATION

ITEM 1 - LEGAL PROCEEDINGS

On April 24, 2018, EMA Financial, LLC, a New York limited liability company (“EMA”), commenced an action against us, styled *EMA Financial, LLC, a New York limited liability company, Plaintiff, against nFUSZ, Inc., Defendant*, United States District Court, Southern District of New York, case number 1:18-cv-03634-NRB. The Complaint sets forth four causes of action and seeks relief consisting of: (1) money damages, (2) injunctive relief, (3) liquidated damages; and declaratory relief. All of the claims stem from our refusal to honor EMA’s exercise notice in connection with a common stock purchase warrant that we had granted to it. We believe EMA’s allegations are entirely without merit.

The circumstances giving rise to the dispute are as follows: On or about December 5, 2017, we issued a warrant to EMA as part of the consideration we were required to provide in connection with a contemporaneous convertible loan EMA made to us. The loan, which was evidenced by a convertible Note, was for a term of one year. Our refusal to honor the warrant exercise notice was due to our good faith belief that EMA’s interpretation of the cashless exercise provision of the warrant was, *inter alia*, (i) contrary to our direct conversations and agreements made with EMA prior to, and during the preparation of the loan and warrant agreements; (2) wholly inconsistent with industry norms, standards, and practices; (3) was contrary to the cashless exercise method actually adopted by EMA’s co-lender in the same transaction; and (4) was the result of a single letter mistakenly transposed in the cashless exercise formula drafted by EMA which if adopted, would result in a gross and unintended windfall in favor of EMA and adverse to us. Moreover, as set forth in our response to EMA’s allegations, EMA’s interpretation of the cashless exercise provision would have resulted in it being issued more shares of our common stock than it would have received if it exercised the warrant for cash (instead of less), and more than the amount of shares reflected on the face of the warrant agreement itself. The loan underlying the transaction was repaid, in full, approximately three months after it was issued, on March 8, 2018, together with all accrued interest, prior to any conversion or attempted conversion of the Note.

On July 20, 2018, we filed an Answer to the Complaint, along with certain Affirmative Defenses, as well as Counterclaims seeking *inter alia*, to void the entire transaction for violation of New York's criminal usury laws and, alternatively, for reformation of the warrant conversion formula set forth in the Warrant Agreement so as to be consistent with the parties' intent and custom and practice in the industry. We intend to vigorously defend the action, as well as vigorously prosecute our counterclaims against EMA. The action is still pending.

We know of no other material pending legal proceedings to which we or any of our subsidiaries is a party or to which any of our assets or properties, or the assets or properties of any of our subsidiaries, are subject and, to the best of our knowledge, no adverse legal activity is anticipated or threatened. In addition, we do not know of any such proceedings contemplated by any governmental authorities.

ITEM 5 - OTHER INFORMATION

Sound Concepts, Inc.

Sound Concepts is an established 25-year-old business with approximately 80 employees, based in American Fork, Utah, providing digital marketing and sales support services, including a video-based mobile sales application, to the direct sales industry. Their sales application, offered as a SaaS application, is marketed under the brand name Brighttools and offered as a white-labeled application to large corporate enterprises engaged in the network marketing and affiliate marketing industry. Sound Concepts currently has approximately 75 clients in the network marketing and affiliate marketing sector, which include such names as Young Living, Isagenix, Vasayo, Nu Skin, Nerium, Forever Living, Seacret, among many others. The Brighttools app is a comprehensive sales, lead generation, and customer relationship management tool specifically designed to meet the needs of direct sales representatives and others engaged in network marketing and affiliate marketing sales. The Brighttools app also incorporates recruiting tools, sales representative training and education tools, and includes instant notification capabilities to notify sales reps on their mobile devices when a prospect has engaged in shared content. Brighttools allows sales reps to share sales and product video content with their prospects via email and text, post content directly to social media, access corporate sales and product training materials, and receive analytics data and other engagement information regarding their prospects' interactions with the digital sales content distributed through the app. Brighttools also tracks customer purchases and allows corporate to monitor field activity to track the effectiveness of campaigns as well as compliance. In addition, sales reps can order physical product samples and purchase customizable brochures, invites, thank-you cards, and more, for direct delivery to customers and prospects all through the application. The synergies of the digital and physical tools provide sales reps with unique solutions to engage their prospects, acquire customers, close sales and grow their businesses. Brighttools is available on, and compatible with, virtually all mobile devices and is currently in use in over 48 different countries. As of the date hereof, Sound Concepts has more than 490,000 current users of its Brighttools app, representing an increase of more than 127,000 users since August 2018.

We believe that Sound Concepts' business is highly complementary to our own, and the combination of their technology, customer base, and human capital with our own, including the integration of our interactive video technology into Brighttools, among other synergies and enhancements, will result in increased shareholder value.

The Sound Concepts Merger Agreement

On November 8, 2018, we, and our two wholly-owned merger subsidiaries, entered into an Agreement and Plan of Merger (the "Merger Agreement") with Sound Concepts, Inc., a Utah corporation, its shareholders, and a shareholders' representative, pursuant to which we will acquire Sound Concepts through a two-step merger, consisting of merging one of our merger subsidiaries with and into Sound Concepts (with Sound Concepts surviving the "first step" of the merger) and, immediately thereafter, merging Sound Concepts with and into our other merger subsidiary (with that subsidiary surviving the "second step" of the merger). We will pay \$25,000,000 of value to the shareholders of Sound Concepts, payable through a combination of a \$15,000,000 cash payment by us and the issuance of shares of our common stock with a fair market value of \$10,000,000. The purchase price is not subject to any closing working capital adjustment or post-closing working capital adjustment.

Each of the parties to the Merger Agreement made customary representations, warranties, and indemnities subject to, in some cases, exceptions and qualifications as will be set forth in a disclosure schedule to the Merger Agreement. Each of the parties also agreed to certain covenants and other agreements, including, among others, (i) covenants requiring Sound Concepts and its shareholders to not solicit other acquisition bids or proposals and (ii) covenants regarding non-solicitation and non-competition.

Completion of the acquisition is subject to the satisfaction or waiver of certain conditions. In addition to customary closing conditions, our obligation to complete the acquisition is conditioned upon the consummation of an underwritten public offering of our common stock and receipt by us of offering proceeds that will be used to pay for all or a portion of the cash portion of the merger consideration. Nothing herein shall constitute an offer to sell or the solicitation of an offer to buy any of the securities in our anticipated offering of shares of our Common Stock.

Currently, we anticipate the closing of the Sound Concepts acquisition to occur in the first quarter of fiscal 2019; however, there can be no assurance that it will close in the first quarter of fiscal 2019, or at all.

The Merger Agreement may be terminated under certain circumstances, including, but not limited to: (i) the mutual written consent of Sound Concepts and us; (ii) by us if there has been a breach, inaccuracy in, or failure to perform any representation, warranty, covenant, or agreement made by Sound Concepts or its shareholders pursuant to the Merger Agreement that would give rise to the failure of any of the closing conditions and such breach, inaccuracy, or failure has not been cured within 10 days of Sound Concepts' receipt of written notification of such breach from us; provided, that, we (or our merger subsidiaries) are not then in material breach of any provision of the Merger Agreement; (iii) by us if our closing conditions have not been, or if it becomes apparent that any of such conditions will not be, fulfilled by February 14, 2019, unless such failure is due to our failure to perform or comply with any of the covenants, agreements, or conditions required to be performed or complied with by it prior to the closing of the acquisition; (iv) by Sound Concepts if there has been a breach, inaccuracy in, or failure to perform any representation, warranty, covenant, or agreement made by us (or our merger subsidiaries) pursuant to the Merger Agreement that would give rise to the failure of any of the closing conditions and such breach, inaccuracy, or failure has not been cured within 10 days of our receipt of written notice of such breach from Sound Concepts; provided, that neither Sound Concepts or its shareholders is then in material breach of any provision of the Merger Agreement; (v) by Sound Concepts if any of Sound Concepts' or its shareholders' closing conditions have not been, or if it becomes apparent that any of such conditions will not be, fulfilled by January 31, 2019, unless such failure is due to Sound Concepts', or its shareholders', failure to perform or comply with any of the covenants, agreements, or conditions to be performed or complied with by it or them prior to the Closing of the acquisition; and (vi) by Sound Concepts or us if (1) there is any law that makes consummation of the transactions contemplated by the Merger Agreement illegal or otherwise prohibited or (2) any governmental authority issued a governmental order restraining or enjoining the transactions contemplated by the Merger Agreement, and such governmental order has become final and non-appealable.

**CERTIFICATION PURSUANT TO
SECTION 302 OF THE SARBANES-OXLEY ACT OF 2002**

I, Rory J. Cutaia, certify that:

1. I have reviewed this Quarterly Report on Form 10-Q nFüz, Inc.;
2. Based on my knowledge, this report does not contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements made, in light of the circumstances under which such statements were made, not misleading with respect to the period covered by this report;
3. Based on my knowledge, the financial statements, and other financial information included in this report, fairly present in all material respects the financial condition, results of operations and cash flows of the registrant as of, and for, the periods presented in this report;
4. I am responsible for establishing and maintaining disclosure controls and procedures (as defined in Exchange Act Rules 13a-15(e) and 15d-15(e)) and internal control over financial reporting (as defined in Exchange Act Rules 13a-15(f) and 15d-15(f)) for the registrant and have:
 - (a) Designed such disclosure controls and procedures, or caused such disclosure controls and procedures to be designed under my supervision, to ensure that material information relating to the registrant, including its consolidated subsidiaries, is made known to me by others within those entities, particularly during the period in which this report is being prepared;
 - (b) Designed such internal control over financial reporting, or caused such internal control over financial reporting to be designed under my supervision, to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles;
 - (c) Evaluated the effectiveness of the registrant's disclosure controls and procedures and presented in this report my conclusions about the effectiveness of the disclosure controls and procedures, as of the end of the period covered by this report based on such evaluation; and
 - (d) Disclosed in this report any change in the registrant's internal control over financial reporting that occurred during the registrant's most recent fiscal quarter (the registrant's fourth fiscal quarter in the case of an annual report) that has materially affected, or is reasonably likely to materially affect, the registrant's internal control over financial reporting; and
5. I have disclosed, based on my most recent evaluation of internal control over financial reporting, to the registrant's auditors and the audit committee of the registrant's board of directors (or persons performing the equivalent functions):
 - (a) All significant deficiencies and material weaknesses in the design or operation of internal control over financial reporting which are reasonably likely to adversely affect the registrant's ability to record, process, summarize and report financial information; and
 - (b) Any fraud, whether or not material, that involves management or other employees who have a significant role in the registrant's internal control over financial reporting.
